This collection is available at The State Historical Society of Missouri, Research Center-Columbia. If you would like more information, please contact us at research@shsmo.org.

**Dates:** 1941-2013  
**Creator:** Missouri Broadcasters Association, collector  
**Collection Size:** 8.34 GB of digital files, 23 audio cassettes, 7 audio tapes, 17 CDs

**Introduction**  
Audio recordings of radio airchecks, station IDs, and broadcasts collected by the Missouri Broadcasters Association as part of a pilot program for the Library of Congress’ Radio Preservation Task Force. The collection contains audio digitized by Missouri radio stations, along with a small amount of original recordings and other material.

**Donor Information**  
The collection was donated to the State Historical Society of Missouri by Mark Gordon, President and CEO of the Missouri Broadcasters Association, on 10 August 2017. Additions to the collection was made by Frank Absher on 17 October 2018 and Brad Tregnago on 23 August 2019.

**Restriction**  
Radio stations have retained copyright.

**Note:** Digital files are located on the NAS and are organized alphabetically by radio station call sign. Some file names have been shortened or descriptions have been combined for brevity. Most files are in mp3 format; other formats are noted in parentheses. If the recording also exists on physical media, it will be noted in brackets after the file name. Physical media are stored with unprocessed A/V.

**Digital Audio List**
