The collection has been arranged into a single folder, and the items have been arranged chronologically.

**Scope and Content Note:**

These records consist of thirteen bills of lading dated between April 1855, and November 1856. They show shipments of various goods by steamboat with all but one made to J. B. S. Lemoine of St. Louis, Missouri. The remaining shipment was made to Waddell and Russell in Lexington, Missouri. The name of the boat, its master, the name of the receiver of the shipment, a description of the goods, and the cost of freight are indicated on the form. The items are arranged chronologically.
